OBJECTIVES OF A UNIVERSITY OF TECHNOLOGY

The goals and functions of universities of technology are unique. Universities of technology, being duly concerned about the country's need for human resources, have as their chief objective the provision of training and education at a tertiary level for the application of technology in the work situation. The primary functions of a university of technology can be summarised as follows:

A university of technology strives not only towards the promotion of knowledge and skills, but also, especially, towards the application of such knowledge and the development and releasing of means for the application of that knowledge in the training of manpower, emphasising the practical and the vocational. As a result of the rapid progress in the fields of technology and science, continuous interaction between vocational education and its practical application is absolutely essential. This is why a sound relationship is maintained between the various universities of technology, on the one hand, and between the universities of technology and commerce, industry and the government sector, on the other hand. Employers, businessmen and industrialists play an important role in the management and counselling structures of universities of technology.

It is the task of a university of technology to train students as thoroughly as possible in specific professions through combining study and practical work experience (cooperative education). The emphasis is on the practical application of knowledge and skills.

The formal side of vocational education is continuously being put to the test in the practical work situation. For this reason, the principle of cooperative education constantly receives attention. At a university of technology, students therefore alternate their studies with the application of their acquired knowledge and skills in the work situation.

A university of technology, being an educational institution, is also responsible for educating and forming students. The psychological, moral, cultural, social and physical development of the student is emphasised to enable him or her to take his or her place in the community as a well-equipped expert in his or her profession.

You are expected to enjoy your life as a student. You are, however, also expected to do this in a way worthy of the objectives of the Tshwane University of Technology.

As stated in **rule 1.3.3**, prospective students will not be admitted to any qualification without prior evaluation.

1.2 REQUIREMENTS FOR APPLICANTS WHO OBTAINED A NATIONAL SENIOR CERTIFICATE IN OR AFTER 2008

1.2.1 No person may be registered as a student at TUT to study for a qualification or a subdivision of a qualification, unless he or she has obtained a National Senior Certificate (NSC) with a minimum of 40% in the language of learning and teaching of the higher education institution, as certified by the Council for Quality Assurance in General and Further Education and Training (Umalusi):

- ii. Provided further that a prospective student be admitted if he or she has obtained the National Senior Certificate (NQF Level 4) with a minimum of six subjects, including English (home or first additional language with a minimum score of 3), Mathematics (Technical Mathematics) or Mathematical Literacy (as per specific academic programme requirement) and the further subjects required by a specific academic programme (Life Orientation will not be included in the calculation of Admission Point Scores). The applications must meet the minimum requirements required to the national standard for the higher certificate, national higher certificate, national diploma, diploma (four subjects with a minimum score of 3) and bachelor's degrees (four subjects with a minimum score of 4). The phasing in of degree requirements for traditional baccalaureus technologiae degrees will be accommodated.

1.3 APPLICATION FOR ADMISSION

- 1.3.1 A prospective student shall apply on the required application form for admission to a qualification. A prospective student is regarded as someone wishing to study at TUT for the first time.
- 1.3.2 Application forms for admission to TUT are available on request from the Information offices at the different campuses.
- 1.3.3 No prospective student shall be permitted to study for any qualification without prior evaluation. The closing date for all applications, which should be submitted with the required administration fee, is 31 July of the preceding year of study in the case of year qualifications and qualifications commencing in the first semester. However, applications for some specialisation qualifications close on 15 June, as do all international applications. For qualifications commencing in the second semester, the closing date is 15 May of the proposed year of study.
- Closing dates for applications for distance education students: 30 November for the January intake with a May examination and, if applicable, 15 May for the July intake with a November examination.
- 1.3.4 The application form should be accompanied by a certified copy of the applicant's National Senior Certificate or an equivalent qualification, as well as any other documents required for admission to the qualification for which he or she intends to enrol.

PLEASE NOTE:

- TUT shall accept as correct only the spelling and sequence of the student's surname and first names appearing on the document required for admission to TUT to study for his or her proposed certificate, diploma or degree.
- A married woman shall submit a certified copy of her marriage certificate (or divorce order, where applicable), should any of her certificates have been issued in her maiden name.

- Other names and/or spellings shall be accepted only on receipt of a certificate duly amended by the Department of Education or other institution that had issued it, or after receiving proof that the student's surname and/or first names have been officially changed. Such proof should be supplied or issued by the Department of Home Affairs or, where applicable, a similar body, and should indicate the student's date of birth, his or her former names and his or her present names. Sworn statements, birth certificates, passports and/or identity documents are **NOT** acceptable for this purpose.
- Prospective students who have obtained qualifications outside the Republic of South Africa are advised to contact the South African Qualifications Authority (SAQA) beforehand to have their qualifications evaluated.
- Prospective students who have obtained their qualifications from a recognised private schooling system in South Africa may apply to the Office of the Registrar for admission via a Senate discretionary route as an interim arrangement until full accreditation is achieved by such schools. The Registrar will consider conditional admission and submit a list of conditionally accepted candidates for Senate approval.
- A statement of symbols will be accepted provisionally until a certified copy of the original National Senior Certificate is handed in.

1.3.5 If an applicant's previous registration had been at any other tertiary educational institution where he or she discontinued his or her studies before obtaining the degree or diploma he or she had been registered for, he or she has to submit, as soon as possible, an original academic record and a certificate of good conduct issued by the registrar of that institution.

1.3.6 If the applicant had previously been registered at more than one tertiary educational institution, he or she has to obtain the documents referred to in **rule 1.3.5** from each of those institutions, where applicable. Please note that TUT will keep those original documents and that they will not be returned to the applicant.

1.4 PROVISIONAL ADMISSION IN RESPECT OF WORK EXPERIENCE, AGE AND MATURITY

1.4.1 A person may also, subject to **rule 1.1.1** or **rule 1.2.1**, be provisionally admitted if such a person is in possession of a National Senior Certificate, Senior Certificate or an equivalent certificate, but lacks more than one requirement for admission, provided that –

- (b) the TUT Council is satisfied that the standard of such a person's communication skills, his or her ability to study successfully and his or her work experience are such that he or she will be able to complete the proposed qualification successfully.

1.4.2 A person who has been admitted in respect of work experience, age and maturity, shall be admitted to the second semester or year only if his or her academic achievement in the first semester or year of study has been to the satisfaction of the Council.

1.4.3 A person who is admitted to the second semester or year of study shall be regarded as having met the minimum requirements for admission to studies at TUT.

1.4.4 Recognition of Prior Learning (RPL), equivalence and status - see Chapter 30.

1.5

REQUIREMENTS FOR APPLICANTS WHO OBTAINED A NATIONAL CERTIFICATE (VOCATIONAL) LEVEL 4

No person may be registered as a student at TUT to study for a qualification or a subdivision of a qualification unless he or she has obtained a National Certificate (Vocational) (Level 4) (NC(V) Level 4) with a minimum of 50% in the language of learning and teaching of the higher education institution, as certified by the Council for Quality Assurance in General and Further Education and Training (Umalusi):

- i. Provided that the subjects passed for the National Certificate (Vocational) (NC(V) at NQF Level 4) or a certificate contemplated in the said rule are subjects passed on the required levels;
- ii. Provided further that a prospective student be admitted if he or she has obtained a National Certificate Vocational (NQF Level 4) with a minimum of six subjects subject to minimum requirements below, including English (first additional language with a minimum score of 4), Mathematics or Mathematical Literacy (as per specific academic programme requirement) and the further subjects required by a specific academic programme (Life Orientation will not be included in the calculation of Admission Point Score). The three (3) fundamental subjects are English (first additional language), Mathematics or Mathematical Literacy and Life Orientation.

1.6

REQUIREMENTS FOR SENIOR STUDENTS FROM OTHER UNIVERSITIES

1.6.1

Applicants will be considered if:

- i. They have an endorsed national senior certificate for a programme at the same level as the programme that they are applying for; and
- ii. They have demonstrated competence during their first level of study at the other higher education institution they are transferring from. Competence is determined at the discretion of Senate. Senate discretionary admission should only apply in instances where applicants who, in the opinion of Senate have demonstrated, in the approved selection process, that they are suitable for admission to programmes for which they have the required endorsement. All Senate discretionary admissions should be approved by Senate or a committee with delegated authority or powers to consider such admissions on behalf of Senate. The following guideline shall apply:
 - (i) The applicant should have passed the national senior certificate with an endorsement of a bachelor's degree or diploma or a higher certificate.
 - (ii) The applicant should have completed at least the full first year of study of the qualification he or she wishes to register for.
 - (iii) For applicants who have completed more than 50% of their qualification at another university, the 50% exemption rule is still applicable.

- (iv) The Executive Committee of the Faculty Board concerned will be competent to apply this rule with Senate's ratification.

1.6.2 The other option is RPL. Please refer to Chapter 30 for the process.

1.7 ARTICULATION FROM NATED NATIONAL DIPLOMAS INTO HEQSF DIPLOMAS

1.7.1 Applicants will be considered if:

- i. They have an endorsed National Senior Certificate for a programme at the same level as the programme that they are applying for; and
- ii. They have demonstrated competence during their first level of study in the Nated National Diploma. Competence is determined at the discretion of Senate. Senate discretionary admission should only apply in instances where applicants who, in the opinion of Senate have demonstrated in the approved selection process that they are suitable for admission to programmes for which they have the required endorsement. All Senate discretionary admissions should be approved by Senate, or a committee with delegated authority or powers to consider such admissions on behalf of Senate.

1.8 CHANGING OF INFORMATION

1.8.1 Should a student's contact details such as postal address or telephone number(s), etc. change, he or she has to notify the Admissions Office in writing.

1.8.2 TUT accepts no responsibility for any incorrect information in respect of admission requirements supplied by anyone who has not been authorised to supply such information. All enquiries should be directed to the Admissions Office.

CHAPTER 2

EXCLUSION

The purpose of exclusion is due to the following reasons:

- (a) **To increase access**
The Department of Higher Education and Training's (DHET) enrolment plan caps the number of funded full-time equivalent students enrolled at public tertiary institutions. Poor performing students, therefore, deny space to new entrants, straining access to the University.
- (b) **For financial viability**
Poor performing students hamper throughput. A lower success rate has implicit reputational risks and diminishes earnings from teaching output units.
- (c) **To sustain academic reputation**
If poor performing students are allowed to stay in the system, there will be a constant growth in student numbers which -
 - cannot be accommodated in laboratories and other facilities already overburdened;
 - compromise the quality of the teaching and learning of all other students; and
 - negatively impact on the accreditation of qualifications by professional and other accreditation bodies.

2.1 DEFINITIONS

In this chapter, unless otherwise indicated –

- 2.1.1 **"academic exclusion"** refers to readmission refusal from a specific qualification, department or faculty for a set period of time due to the student's failure to comply with the minimum progress requirements as described in this chapter. The exclusion may be in the form of:
- (a) Exclusion from a specific academic qualification, in which case the student may be eligible for admission in another academic qualification within the same department, faculty or in another faculty at TUT.
 - (b) Exclusion from the faculty, in which case the student may be eligible to be admitted in another academic qualification in another faculty at TUT. Such candidates may be referred to the Student Development and Support for career counselling and will need to meet the admission requirements for the alternative academic qualification selected.
- 2.1.2 **"academic exclusion criteria"** refers to the specific criteria (norms) applied in determining whether a student should be excluded from further participation in the qualification.
- 2.1.3 **"academic intervention"** refers to any programme, supportive or developmental action before exclusion takes place, either prescribed (compulsory) or recommended (voluntary) by the department or faculty. Such interventions can also be prescribed or recommended by the Student Development and Support on behalf of the department or faculty. Academic interventions may take place before exclusion or as an exclusion or probation condition.
- 2.1.4 **"academic performance"** is the relative success or failure of a student to comply with the requirements of the academic qualification for which he or she is registered, within the limited time prescribed for the qualification.
- 2.1.5 **"academic probation"** refers to the conditional grace period in the exclusion process which provides the student the opportunity, through specific conditions and interventions, to comply with the academic performance requirements, in order to avoid final exclusion.
- 2.1.6 **"academic qualification(s)"** refers to learning programmes that lead to qualifications described in the various parts of the official Prospectus of the University. For the purpose of this chapter, qualifications are divided into two groups:
- (a) All undergraduate and postgraduate qualifications that are based on the accumulation of credits and have a clearly defined structure based on modules/subjects to be passed before the qualification can be awarded (this includes structured master's degrees).
 - (b) Research-based postgraduate master's and doctoral degrees.
- 2.1.7 **"condition of re-admission"** refers to the stipulations set by the Faculty Academic Exclusions Appeals Committee (FAEAC) for the re-admission of a student. This may include referral for academic intervention, career counselling, performance level requirement, limited subject load or any relevant condition that will be recorded and communicated to the student after/during the meeting.
- 2.1.8 **"re-admission to studies"** refers to the specified scenarios where students who appealed and are granted permission by the Faculty Academic Exclusions Appeals Committee (FAEAC) to register for the next academic term or who after a period of two years are granted permission by the Head of the Department to register.
- 2.1.9 **"student"** refers to any student registered in previous academic periods with TUT for any of the University's official modes of delivery.
- 2.1.10 **"TUT Student Tracking System (TUT-STTS)"** refers to an integrated University monitoring system that provides a facility to regularly calculate and monitor student progress.

2.4 RULES FOR STUDENTS REGISTERED FOR UNDERGRADUATE AND SPECIFIED POST-GRADUATE QUALIFICATIONS (see rule 2.1.6(a))

2.4.1 General rules and principles

The following general rules and principles must be observed:

- 2.4.1.1 Documented records of poor class and/or tutorial attendance may be used as evidence during an exclusion meeting.
- 2.4.1.2 The guiding principle is that a full-time student is allowed twice the minimum duration of a qualification. For example, a maximum of six (6) years to complete a three-year qualification, two (2) years for a one-year qualification, and eight (8) years for a four-year qualification.
- 2.4.1.3 Evening-class, part-time, block or distant education students, and students who annually register for fewer than the required number of modules/subjects, and who submit valid reasons, will be considered for a proportionally extended time period in order to complete the qualification.
- 2.4.1.4 This chapter enables TUT to, where possible, identify and refer students for various interventions to improve their academic performance in order to avoid exclusion.
- 2.4.1.5 Students may submit an appeal on the prescribed appeal application form to the Departmental Academic Exclusions Appeals Committee providing complete evidence of aspects to be considered for re-admission. The Departmental Academic Exclusions Appeals Committee will make a recommendation based on the portfolio of evidence available and this may include records of interventions attended at the Directorate of Student Development and Support.
- 2.4.1.6 The Departmental Academic Exclusions Appeals Committee will prepare a complete record of appeal applications and recommendations. This is to be recorded on the prescribed template provided by the Registrar's Office and submitted to the Faculty Academic Exclusions Appeals Committee for ratification.
- 2.4.1.7 Both the Departmental Academic Exclusions Appeals Committee and the Faculty Academic Exclusions Appeals Committee will utilise the guidelines for special considerations and extenuating circumstances (see **rule 2.6**).
- 2.4.1.8 The Faculty Academic Exclusions Appeals Committee will make a final decision, record it in the prescribed format and submit decisions to the Directorate of Student Development and Support and the Registrar's Office.

Please note that these decisions are final and no further appeal, whether on departmental, faculty or institutional level will be considered.

- 2.4.1.9 The Registrar's Office will officially communicate the outcome to the student and the academic department will provide written feedback to re-admitted students, clearly stipulating all conditions.

- 2.4.1.10 Students who change from one qualification to another in a different faculty will have the same maximum time as other first-time entering students in the same qualification. If the student registers for a different qualification in the same faculty, the maximum period will be decreased proportionally with the time required to pass modules/subjects common to the two qualifications.
- 2.4.1.11 A single uniform exclusion approach, with standard operating procedures and guidelines, shall be applied throughout the institution by all faculties and learning sites of TUT.
- 2.4.1.12 Students who are excluded may apply for readmission after a period of one (1) year.
- 2.4.1.13 Applications for readmission of students received before the end of the two-year exclusion period will only be considered by the Departmental Academic Exclusions Appeals Committee and Faculty Academic Exclusions Appeals Committee if proof of academic success/development can be provided.
- 2.4.1.14 Closing dates for appeals, according to the academic core calendar, will be strictly applied. If a student has neglected to appeal on time, such appeals will only be considered during the appeal process of the next academic term.

2.4.2 SPECIFIC RULES FOR THE ADMINISTRATION OF PROBATION AND EXCLUSION-BASED DECISIONS

- 2.4.2.1 A student who achieves 50% or more of the maximum number of credits required after each year of study may proceed uninterrupted. The maximum number of credits for each year of study is specified in the faculty parts of the prospectuses.
- 2.4.2.2 A student who achieves more than 30% (this percentage will gradually increase after the second year – see tables 1 - 4) but less than 50% of the maximum number of credits (as listed in the faculty Prospectus) for the specified period of study will be placed on academic probation. Students on probation are informed by the academic department in writing and are referred to Student Development and Support for counselling and/or academic interventions. The Department may further set compulsory conditions for the student to continue with his or her academic qualification. It is highly recommended that faculties monitor the process, specifically for first-year students, after one (1) semester and introduce academic interventions where feasible to avoid probation or even exclusion.
- 2.4.2.3 A student who has been previously placed on academic probation and achieves less than 30% (this percentage will gradually increase after the second year – see tables 1 - 4) of the maximum credits for the specific period is excluded from further study, but may appeal based on evidence of extenuating circumstances and proof of completed academic interventions recommended during the probation period if applicable.
- 2.4.2.4 A student, who has failed the same modules/subjects during two (2) different study periods, will be placed on probation. Failing that same module/subject(s) on a third attempt, will result in exclusion with the right to appeal.
- 2.4.2.5 A student who has previously been placed on probation, but will not be able to complete the remainder of the course in the maximum allowable time, even if taking a maximum load, will be excluded. The student may appeal based on evidence of extenuating circumstances and proof of completed academic interventions recommended during the probation period.
- 2.4.2.6 Faculty exclusion committees must compile a table for each qualification in their faculty based on percentages indicated in tables and for extended qualifications according to approved Report 151 and Higher Education Qualification Sub-Framework (HEQSF) qualification requirements.

2.4.2.7 Tables 1 - 4 below indicate the credits associated with pass, probation and exclusion.

*** Calculation formula:**

Credits as a percentage is calculated as a % of the maximum number of credits that could be achieved after the corresponding number of years of study. For example, the minimum credits to avoid probation for a Report 151 programme after three (3) years of study will be 50% of 3 multiplied by 1,00 (max per year) = 1,50. For a Higher Education Qualification Sub-Framework (HEQSF) programme the credits will be 50% of 3 multiplied by 120 (max per year) = 180.

2.5 GENERAL RULES AND PRINCIPLES FOR STUDENTS REGISTERED FOR RESEARCH-BASED POSTGRADUATE QUALIFICATIONS (see rule 2.1.6(b))

- 2.5.1 Academic probation is not applicable to postgraduate students.
- 2.5.2 The period of study allowed for a research master's degree is a minimum of one (1) and a maximum of three (3) years.
- 2.5.3 The period of study for a doctoral degree is a minimum of two (2) and a maximum of five (5) academic years.
- 2.5.4 A student who has already been registered for the maximum number of years and who has not yet completed his or her studies will only be re-admitted after a successful appeal against his or her exclusion.
- 2.5.5 The student needs to submit his or her appeal on the prescribed template to his or her research supervisor.
- 2.5.6 The supervisor, in consultation with the Head of the Department compiles a recommendation for the Faculty Postgraduate Exclusions Appeals Committee for consideration of re-admission. The committee will consider the application based on the reasons provided by the student, past progress and the possibility that the student will complete the qualification by the end of the following year.
- 2.5.7 The study period can be extended for a maximum period of one (1) year. However, students may appeal again for further extension.
- 2.5.8 There will be no official closing date to submit appeals, however, a student must appeal within fourteen days after he or she has been notified of his or her exclusion.

2.6 EXTENUATING CIRCUMSTANCES AND SPECIAL CONSIDERATIONS

The exclusion committees may consider the following extenuating circumstances for relaxing the minimum credit weight required (where applicable, the applicant should provide circumstantial evidence):

- 2.6.1 International/national sport or cultural engagement. The level and frequency of engagement should be verified in writing by the Director of Sport and Recreation or the Director of Student Governance and Leadership Development.
- 2.6.2 A low pass rate in a particular module/subject.
- 2.6.3 General academic record/history of the applicant.
- 2.6.4 Lecturer evaluation and reports.
- 2.6.5 Incidents of physical health, as substantiated by original copies of medical certificates and/or reports.
- 2.6.6 Incidents of psychological health. A proper diagnosis, substantiated by original and appropriate medical and psychological reports, or verified in writing by the Campus Head, Academic Department or the Directorate of Student Development and Support, should be included.
- 2.6.7 Death in the immediate family (parents, guardians, siblings), substantiated by death certificates.
- 2.6.8 Applicants are required to submit evidence to the department within two (2) weeks of the incident, or within two (2) weeks of returning to campus.

CHAPTER 3

REGISTRATION OF STUDENTS

Please note:

Students who have not yet submitted a certified copy of their National Senior Certificate (Grade 12) or equivalent qualification, or a certified copy of the symbols they obtained for either qualification, should do so prior to registration or on registration.

DEFINITIONS

In this chapter, unless otherwise indicated –

- (a) A “**full-time student**” is a student whose main activity during the day is the full-time attendance of classes according to a formal class attendance timetable. Work-Integrated Learning (WIL) may form part of the programme requirements.
- (b) A “**part-time student**” is a student whose main daily activity is not the full-time attendance of classes, but who attends classes in the evenings according to an alternative class timetable. The duration of the curriculum could extend past the minimum duration prescribed for a full-time student. WIL may form part of the programme requirements.
- (c) A “**block-mode student**” refers to a student who attends classes as one of a designated group of students for a continuous period of one to eight weeks according to an alternative class timetable. Classes may also be offered on Saturdays, and block programmes can be offered on campus or at an approved off-campus site. WIL may form part of the programme requirements.

3.1 FORMAL INSTRUCTION

- 3.1.1 Students must register for each academic term (annually, in the case of year programmes, and each semester, in the case of semester programmes) in the set registration periods, and they must pay the required initial fees. Students will not be permitted to register after the final date of registration. After the closing date for registration, disciplinary steps will be taken against students who attend classes before they have been officially registered, and they will be subject to a fine.

- 3.1.2 If, on registration, a student is unable to submit certified copies of the documentary proof that all the admission requirements have been met, he or she may register conditionally: provided that, if TUT does not receive the documents concerned before 30 April (in the case of first-semester and year students) or before 31 August (in the case of second-semester students), the student's registration for the academic term concerned be cancelled immediately and any fees paid be forfeited.
- 3.1.3 In cases where TUT receives the above documents before 30 April or 31 August, but after the student has registered, and it is subsequently found that the student was not entitled to register for the programme concerned, his or her registration for the academic term concerned shall be cancelled immediately and any fees paid shall be forfeited.
- 3.1.4 Registration as a student is valid for one (1) academic year only in the case of year programmes and for one (1) semester only in the case of semester programmes. This also applies to WIL.
- 3.1.5 On his or her signing of the registration form or acceptance of the electronic declaration in respect of an academic term, a student declares him- or herself fully conversant with the rules of TUT, and he or she undertakes to observe, strictly, all the rules of TUT. If he or she is a minor but is not being assisted by a parent or guardian, it is accepted by implication that he or she has been authorised to sign the registration form. Fees are not refundable in cases of expulsion or suspension or if a student no longer attends lectures.
- 3.1.6 Particulars regarding dates of registration and other relevant information are posted/mailed to newcomer students and are also obtainable from Academic Administration.
- 3.1.7 The registration of students of the various academic departments takes place on different dates and campuses, and students must attend lectures on the dates determined by the heads of their respective academic departments, irrespective of whether or not their registration has been formally concluded. Official registration takes place at Academic Administration or at the official registration points. Enrolment at any academic department, the payment of class fees or the making of arrangements for the payment of class fees does not exempt a student from official registration.

The registration form contains all the modules/subjects for which a student may register for the period concerned, and no one will be admitted to register for a module/subject unless the Head of the Department concerned, or his or her delegate approves the student's choice of modules/subjects.

Please note that after the closing date for registration, no student will be allowed to attend classes if he or she is not formally registered and cannot produce proof of registration.

- 3.1.8 No student will be permitted to register at TUT for more than one (1) certificate, diploma or degree programme, simultaneously, in any given academic year or semester, without the permission of the Registrar, and no student may register at more than one (1) institution for tertiary education, simultaneously, without the permission of the Registrar. Such permission may be withdrawn by the Registrar on recommendation of the Head of the Department concerned, should the academic performance of the student not be satisfactory. A student who has obtained permission must familiarise him- or herself with all the relevant examination dates before registering at another tertiary education institution. Should the simultaneous registration result in the coinciding of examination dates, the student shall not be permitted to register for the subject(s)/module(s) concerned at the other institution. TUT shall neither consider nor accommodate any other examination date(s) for such subject(s)/module(s) if examination dates should coincide as a result of simultaneous registration. Registration for two (2) programmes, without the written approval of the Registrar, does not imply consent, and such registration may be cancelled.
- 3.1.9 No student will be permitted to register for a module/subject without having passed the relevant module/subject in the preceding year or semester, and/or the prerequisite subject(s)/module(s) for admission to that subject(s)/module(s). Registration for a module/subject or modules/subjects contrary to this rule does not imply that TUT condones such registration. Any inadmissible registration will be cancelled without prior notice, as soon as it is discovered. Should a module/subject credit be obtained by means of such inadmissible registration, the student concerned may lay no claim to such credit, and the Registrar has the right to cancel that credit. All class fees paid shall be forfeited in such a case.

- 3.1.10 When a student registers for a certificate, diploma, advanced diploma, postgraduate diploma or degree programme, such registration is subject to the rules in terms of which the curriculum concerned has been drawn up and approved by the Council on the recommendation of the Senate.
- 3.1.11 Should the rules in terms of which a curriculum has been drawn up be amended, students who commenced their studies under previous rules and who have not interrupted their studies, may, subject to the transitional provisions formulated or confirmed by the Council, complete their curriculum in terms of the former rules: provided that the TUT Council formulate transitional rules to enable such students to complete their studies within a reasonable period in terms of the former rules.
- 3.1.12 The TUT Council reserves the right to discontinue the offering of any approved programme at any time and to authorise the offering of any new, approved programme and any reviewed, approved programme, at any time.
- 3.1.13 A student must determine him- or herself whether the programme for which he or she has enrolled has been reviewed. If it has been reviewed, he or she should find out what the teach-out (phase-out) date is of the programme he or she is currently attending, and whether he or she would be able to meet all the requirements for graduation, in time – before the teach-out (phase-out) date.
- 3.1.14 A student who has registered for a certificate, diploma or degree programme and who fails to renew his or her registration for that programme in the following academic semester or year, or who fails a term of study, will be deemed to have interrupted his or her studies and will forfeit the right to complete his or her studies in terms of the former rules: provided that registration for Work-Integrated Learning for the academic term following the term in question be regarded as a renewal of his or her registration: provided further that the TUT Council, in exceptional cases, should permit such a student to continue his or her studies in terms of such conditions as may be determined by the Council.
- 3.1.15 If a student is unable to comply with all the requirements before the teach-out (phase-out) date, he or she has to change over to the reviewed programme and has to apply to Academic Administration for exemption from the applicable modules/subjects for which he or she has already obtained credit.
- 3.1.16 Subsequently, that student will have to meet the requirements he or she has not yet met in respect of the reviewed programme, in terms of the rules of the University.
- 3.1.17 If a student fails a module/subject and wishes to register for that module/subject again, he or she may do so only if the examination timetable can accommodate that combination of registered modules/subjects within the set period of examination without any examination dates for those modules/subjects coinciding.
- 3.1.18 TUT assumes no responsibility for any incorrect information in respect of any matter relating to registration supplied by anyone who has not been authorised to supply such information. All enquiries should be directed to Academic Administration.

3.2 LATE REGISTRATION

A student who does not register in the official period of registration will not be allowed to register in that particular semester or year.

Students who, for whatever reason, register after classes have commenced, may not lay claim to any concession regarding lectures, tests, etc. that took place before they registered.

3.3 PROOF OF REGISTRATION

It is the responsibility of each student to ensure that his or her registration has been carried out correctly and that he or she receives an official proof of registration.

All students are provided with proof of registration on conclusion of their registration.

Students must verify that the information given for proof of registration is correct before the end of registration period. All changes or corrections must be reported before the final, published registration date. Should a student fail to do so, cancellations and additions that follow after that date will not be considered.

3.4 INTERNATIONAL STUDENTS

International students may register at TUT if they are in possession of a valid study permit or a study visa. All other registration rules apply to all international students (see Chapter 17).

However, the University assumes no liability for delays in the mail, or for mail that was not delivered or not received.

4.1.13.2 Statements of examination credits obtained, examination results and academic records shall be valid only if they are printed on the approved forms and issued by the Registrar.

4.1.13.3 The examination results of a student with any outstanding fees and/or library material shall not be made known or published before the outstanding amount has been paid in full or the library material has been returned. However, such a student shall be informed of admission to and particulars of a supplementary examination, if applicable.

4.1.14 SUPPLEMENTARY EXAMINATIONS

4.1.14.1 A supplementary examination shall take place directly after the main examination.

4.1.14.2 The predicate mark obtained for admission to the main examination shall also apply to the supplementary examination.

4.1.14.3 A student who fails the main examination in a module/subject, but obtains a final mark of at least 45%, qualifies for a supplementary examination. A student who obtains a final mark of 50% but failed the minimum subminimum also qualifies for a supplementary examination.

- 4.1.14.4 A student who fails one (1) or more question paper(s) in the main examination, but who qualifies for a supplementary examination in terms of **rule 4.1.14.3**, retains credit for the question paper or papers that he or she has passed in the main examination, and takes a supplementary examination on the question paper(s) he or she has failed. A module/subject should be passed in the main examination or the subsequent supplementary examination.
- 4.1.14.5 A supplementary examination shall be conducted, and its marks calculated in the same manner as that of the main examination.
- 4.1.14.6 Students who qualify for supplementary examinations will be published on the University website www.tut.ac.za according to the daily publication schedule. Not applicable to distance education students.
- 4.1.14.7 It is each student's own responsibility to consult the University website to find out whether he or she qualifies for a supplementary examination. The individual results of distance education students will show them whether they qualify for supplementary examinations. Distance education students who qualify for supplementary examinations will have an opportunity to participate during the consecutive examination period, i.e. students who qualify for supplementary examinations in May will have to take their supplementary examinations in October/November and vice versa.
- 4.1.14.8 In the event that a student qualifies for an exit examination after a supplementary examination period due to late publication, such a student must wait for the next examination opportunity to write the examination.
- 4.1.14.9 No supplementary examination opportunities will be granted in modules/subjects that are assessed in a non-examination terminating mode.
- 4.1.14.10 A student who does not take or does not complete a supplementary examination for any reason whatsoever, shall fail the relevant module/subject. Only one (1) opportunity to take a supplementary examination shall be granted for a specific module/subject per academic period.
- 4.1.14.11 The requirements for supplementary examinations for modules/subjects that are continuously assessed are given in **rule 4.1.17**.
- 4.1.14.12 No supplementary examination shall be granted on the basis of marks obtained in a special examination.
- 4.1.14.13 If a student applies for a re-marking or re-checking, it does not imply that he or she may take a supplementary examination. Permission to take a supplementary examination shall be granted after re-marking or re-checking only if the student qualifies for it according to **rule 4.1.14.3**.
- 4.1.14.14 If a student fails the supplementary examination, he or she has to re-register for the module/subject.
Distance education students must submit new assignments after their re-registration for modules/subjects.
- 4.1.14.15 Distance education students will be granted supplementary examinations in terms of **rule 4.1.14.3**.
- 4.1.14.16 A student with a predicate mark of at least 60% who fails the main examination in a subject/module, and obtains a final mark of less than 45%, qualifies for a supplementary examination. This rule only applies to the main examination. This opportunity will take place during the Exit/Special examination except for Distance Education students who will write during the next examination opportunity. Students should apply for approval for this examination at the Registrar's Environment. Students should adhere to the closing date for applications for the Exit/Special examination.
- 4.1.15 **SPECIAL EXAMINATIONS**
- (a) Special examinations shall be conducted, if possible, at the same time as supplementary examinations or exit examinations. The predicate mark obtained for admission to the main examination shall also apply to special examinations. Distance education students: refer to **rule 4.1.14.7**.

- (b) A special examination may be granted, subject to the approval of the Registrar or his or her designate to a student who was prevented from preparing for the main examination, or who was prevented from writing the main examination during an examination period, as a result of illness, or as a result of circumstances beyond his or her control (e.g. technology failure in computer-based assessment). Distance education students: refer to **rule 4.1.14.7**.
- (c) If a student has been prevented from writing one or more question paper(s) in a module/subject consisting of more than one (1) question paper(s), the student may take a special examination only in the question paper(s) concerned. The student shall retain the marks for the question paper(s) written during the main examination.
- (d) If a student has a valid reason to miss the supplementary examination, he or she may submit an application at the Registrar's Environment to write a Special examination before the closing date published in the Academic Core Calendar of the University.
- (e) A student shall not take a special examination in cases where he or she –
- did not read the examination timetable correctly;
 - did not arrive in time for a particular examination session, or did not arrive for it at all;
 - reacted to unofficial information; or
 - was prevented from writing.
- (f) A student may, notwithstanding the provisions above, submit a written appeal to the Registrar's Environment for consideration, if such a student is of the opinion that his or her case has merit that should be taken into consideration. This appeal is required to be submitted to the Registrar's Environment within three (3) days of the date of the examination the student had been unable to write on account of the specific circumstances. On payment of the prescribed fee, the application will be submitted to the Registrar for consideration.
- (g) An application to take a special examination in terms of rules 4.1.15(c) should be submitted to the Registrar's Environment on the required form, accompanied by all the supporting evidence, as well as proof of payment of the fixed fee for the special circumstances special examination, within three (3) working days of the date of the examination that the student has failed to take on account of the unavoidable special circumstances.
- (h) Special examinations shall be conducted and their marks calculated in the same manner as those of the main examinations.
- (i) A student who fails the special examination will only be granted a second opportunity under special circumstances as approved by the Registrar.
- (j) A student, who, for any reason whatsoever, does not take the special examination, shall fail the subject(s)/module(s) concerned, and no further examination opportunity shall be granted.

4.1.16

EXIT EXAMINATION

All students who remain with one (1) subject to qualify for their respective qualifications, regardless of whether they have already had two (2) opportunities to write and examination in a specific subject, in a particular study period – including students with one continuous assessment subject to qualify for the respective qualification, will be allowed to apply for Exit examinations. This rule applies to NATED as well as HEQSF-aligned qualifications.

- A student shall not be allowed a third opportunity to take an examination in a module/subject in a particular study period, whatever the reason may be and whether the student had made use of each opportunity or not.
- In order to qualify for an exit examination, a student's registration should not have been interrupted.
- In the case of distance education students, exit examinations shall be conducted during the next examination period.

- 4.1.16.1 A student may take an exit examination on the following conditions:
- If it is the only remaining theoretical/continuous module/subject the student needs to pass in order to qualify for the qualification;
 - If a student was registered for that module/subject, in the case of a year module/subject, during the preceding study period, and, in the case of a semester module/subject, during the preceding two study periods;
 - If the student obtained a predicate of at least 40% in that module/subject;
 - If the student did not interrupt his or her registration; and
 - If the student wrote the examination at the campus where he or she is registered for the module/subject concerned.

4.1.16.2 Heads of academic departments could, in exceptional cases, on a discretionally basis approve an exit examination in a non-theoretical module/subject, on condition that such ruling is not explicitly excluded by the rules for the specific module/subject.

4.1.16.3 If a student fails the exit examination, he or she must register for the module/subject and obtain a new predicate mark.

4.1.16.4 An exit examination will be conducted and calculated in the same format as the main examination.

4.1.16.5 An application to write an exit examination is required to be submitted to Registrar's Environment before the closing date published with the examination results.

4.1.17 **NON-EXAMINATION TERMINATING MODEL**

4.1.17.1 Academic departments may determine the required number of assessments contributing to the final mark, but not less than four per semester module/subject and six for a year subject. Specifications of the required number of assessments should be published in the relevant study guides or programme handbook, especially in the modular modules/subjects. This contributes to the final pass or promotion mark, expressed as a final percentage.

4.1.17.2 The head of the academic department may determine the subminimum requirements for individual assessment opportunities.

4.1.17.3 A student shall be successful when the accumulated total of all the assessments equals or exceeds 50%. He or she will obtain a distinction when the accumulated total equals or exceeds 75%.

4.1.17.4 An accumulated total of less than 50% indicates that the student fails the module/subject and has to repeat it.

4.1.17.5 No supplementary examination or re-mark shall be granted. Special assessments under special circumstances may be granted by the Head of the Department, where the student forfeited the normal opportunities for appraisal, on submission of the necessary substantiation by the student.

4.1.17.6 The granting of reassessments is not obligatory. A reassessment opportunity may, however, be given to a student who failed a particular assessment opportunity but attained a minimum mark of between 45% and 48%. Such an opportunity follows directly after the failed opportunity.

Please note that the above stipulation shall apply only if it forms part of an individual academic departmental policy and is published as such in the relevant study guide.

4.1.17.7 The same careful assessment and moderation of the first opportunity shall apply to the additional opportunity.

4.1.17.8 Please note that in contrast to modules/subjects that follow the formative assessment examination continuum, where supplementary examinations are scheduled for students who have adequate admission marks, but who failed to obtain the subminimum in the examination, continuous assessment shall not provide for any summative reassessment, either before or after the adding up of the final promotion mark.

- 4.1.17.9 The head of the academic department may grant a special assessment, under exceptional circumstances, when a student has forfeited the normal opportunities for appraisal and submits the necessary substantiation for that.
- 4.1.17.10 The examination rules of TUT shall apply to the placement of students, the procedures followed in the assessment venue, and the invigilation during such assessments.
- 4.1.17.11 Students have an opportunity to give inputs on their final marks before the final entering of the marks on the electronic database if their calculations differ from those of the relevant lecturer.
- 4.1.17.12 Marks for individual assessment opportunities shall be made known by the academic department concerned after assessment and moderation.
- 4.1.17.13 Marks for every assessment opportunity, as well as the final mark, shall be checked and verified before publication.
- 4.1.17.14 Examination Administration shall process and publish the final results according to the annual publication schedules.
- 4.1.17.15 The Registrar's Environment shall process and publish the final results according to the Core Calendar.
- 4.1.17.16 All results shall be recorded and stored on the official mark sheets and electronic database.
- 4.1.18 **EXAMINATION ENQUIRIES**
- 4.1.18.1 **General**
- (a) The University assumes no responsibility for incorrect information concerning any aspect of the examinations that has been furnished by persons who are not authorised to give such information. All enquiries should be made at Registrar's Environment.
 - (b) All enquiries regarding examination results should be submitted on the prescribed form to Registrar's Environment. within thirty (30) days of the publication of the results.
- 4.1.18.2 **Viewing of examination answering scripts**
- (a) A student may, subject to the payment of the prescribed fee, receive an opportunity to view his or her examination scripts for all theoretical examinations at all levels of all modules/subjects.
 - (b) A student may, subject to the payment of the prescribed fee, apply for a re-checking or re-marking after viewing of scripts.
 - (c) An application for viewing of, or inspecting an examination script is required to reach the Registrar's Environment before the published closing date for examination enquiries.
 - (d) Memoranda will be made available to students during the viewing of scripts process.
- 4.1.18.3 **Re-checking**
- (a) A student may, subject to the payment of the prescribed fee, have his or her examination scripts for all theoretical examinations re-checked at all levels of all modules/subjects.
 - (b) A student may, subject to the payment of the prescribed fee, apply for a re-mark after a re-check.
 - (c) If the student passes the module/subject after re-checking, the fixed fee will be refunded.
 - (d) An application for re-checking an examination script is required to reach the Registrar's Environment before the published closing date for examination enquiries.

4.1.18.4 Re-marking

- (a) A student may, subject to the payment of the prescribed fee, have his or her examination scripts for all theoretical examinations re-marked by the moderator at all levels of all modules/ subjects. In the event where a student requests a re-mark and the script has been moderated already, the moderator should not conduct the re-mark. The DTLC should assign the task to another qualified person.
- (b) If the student's results change from a "fail" to either "qualify for a supplementary examination" or "pass", or from "pass" to "pass with distinction", the fixed fee shall be refunded.
- (c) An application for re-marking an examination script is required to reach the Registrar's Environment before the published closing date for examination enquiries.

4.1.19 The right to appeal to examination and related matters

- (a) If a student is dissatisfied with the outcome of the re-marking, the Registrar's Environment will refer the student to the DTLC who may appoint another suitably qualified person to do a final re-marking at a set cost.
- (b) If a student submits an appeal regarding alleged examination irregularities, the DTLC shall determine the necessary correctional steps.
- (c) Memoranda shall not be made available to students during the re-marking or appeal process.

4.1.20 WITHDRAWAL OF RESULTS

An examination result, statement or academic report issued erroneously by the University shall not be valid and should be returned to the University at its request.

CHAPTER 5

WORK-INTEGRATED LEARNING

- 5.1 When Work-Integrated Learning (WIL) is a requirement for a programme, a student shall register for WIL on the set date on the required form and pay the fixed registration fee (see Part 9 of the Prospectus). Students who register for WIL only shall pay the full amount on registration but they are not liable for SRC or extracurricular levies.
- 5.2 A student may only register for WIL after his or her proposed registration has been approved by the Head of the Academic Department concerned.
- 5.3 A student must provide proof of placement before registration; under conditions where he or she cannot find placement within the prescribed dates, such a student will be allowed to register late and will be exempted from late registration penalties.
- 5.4 A student must complete all prescribed WIL periods to the satisfaction of the Senate.
- 5.5 All prescribed compulsory and chosen instructional offerings, as well as the WIL component, must be passed in order to obtain sufficient credits to qualify for the qualification concerned.
- 5.6 A student shall register for every period of WIL.

- 5.7 In instances where the University functions as a place of learning and a place of work, e.g. clinics and/or centres owned by the University and managed by the same academic department that offers the WIL modality (particularly in the cases of work-based learning and service learning), the role and responsibilities of the University and/or academic department as a place of learning is clearly distinguished from the University as a place of work.
- 5.8 Students may be given exemption for a maximum of one (1) semester (i.e. six (6) months) of WIL completed prior to formal instruction, subject to the following conditions:
- 5.8.1 The WIL shall immediately precede the formal instruction.
- 5.8.2 A student shall comply with set admission requirements, and he or she shall be evaluated for the programme concerned before registration.
- 5.8.3 The WIL may not exceed 50% of the total period of WIL prescribed.
- 5.8.4 **Rules 3.1 and 3.3** shall apply.
- 5.8.5 The Head of the Department shall approve and accept the WIL.
- 5.9 A student who did WIL at an employer while he or she was a registered student at another tertiary educational institution may obtain exemption for the WIL, subject to the provisions of the exemption rules and subject to the approval of the head of the academic department.
- 5.10 Dates for WIL registration will be according to the dates stipulated by the Registrar.
- 5.11 The University may not claim subsidy for WIL modules/subjects. All WIL modules/subjects must be indicated with a non-subsidy code on the qualification and learning programme database.
- 5.12 Simultaneous registration of WIL with day class instructional offerings may only occur after approval of the relevant head of the academic department, and if it does not interfere with his or her WIL period.
- 5.13 Should a student not have made satisfactory academic progress, in the opinion of the Head of the Department and in terms of Chapter 2, the Senate may, on the recommendation of the Head of the Department, refuse such student permission to register as a student at the University.
- If, however, such a student requires only one or two modules/subjects to complete the qualification but cannot attend classes because it is/they are not offered in the specific academic period, and that student has access to an approved WIL provider, he or she will be allowed to register for the WIL.
- Please note that the Senate has delegated its powers in executing this rule to the Deputy Vice-Chancellor: Teaching, Learning and Technology.
- 5.14 **“Simulations” or Virtual Learning Environments** means a set of teaching and learning tools designed to enhance a student’s learning experience by including computers and the internet in the learning process.
- 5.15 **“Simulated learning”** means learning through an activity that involves the imitation of the real world in the University. The act of simulating something entails representing certain key characteristics of the selected workplace and includes things such as laboratories, patient models, mock meetings, flight simulations, role play and artistic productions.
- 5.16 The closing date for the submission of reports on WIL will be one (1) month after the registration period has expired. If a student does not submit WIL reports one (1) month after the registration period has expired, the student is liable for re-registration for the WIL module/subject.
- Where applicable, the first period of WIL shall be successfully completed before a student will be allowed to register for the second period of WIL.

5.17 Students will be able to register for the following periods:

- January - June
- February - July
- March - August
- April - September
- May - October
- June - November
- July - December
- August - January
- September - February
- October - March
- November - April

6.3 RULES

- 6.3.1 All credits for an incomplete qualification may be recognised by the same or a different institution as meeting part of the requirements for a different qualification, or may be recognised by a different institution as meeting part of the requirements for the same qualification. The contents of the two (2) modules/subjects should overlap at least 70% and the assessment contents should coincide in all cases. Such requests for exemptions must be recommended by the head of the department and approved by Senate on an ad hoc basis.
- 6.3.2 Only applications from admitted TUT students will be considered for CAT.
- 6.3.3 A student must apply for CAT on the prescribed form and in accordance with the rules and procedures for processing CAT applications.
- 6.3.4 CAT shall be considered on the basis of individual modules/subjects.
- 6.3.5 Successes attained in more than one (1) module/subject may be combined for CAT in respect of obtaining credit in one (1) module/subject only.
- 6.3.6 NQF levels of the corresponding module/subject at Tshwane University of Technology and the module/subject presented for CAT will be considered during decision making. CAT, in respect of a module/subject, may not be granted on the basis of a module/subject that has been passed on a lower level, unless 70% of the contents of the two modules/subjects overlap, and assessment contents coincide. This refers to the relevant spread of cognitive levels, namely remember, understand, apply, analyse, evaluate and create – depending on the level of the module/subject.
- 6.3.7 There must be at least a 70% overlap in cognitive levels and content between the syllabi of the module/subject passed and the corresponding TUT module/subject.
- 6.3.8 CAT of a module/subject may only be used once for the issuing of a qualification.
- 6.3.9 Successes attained more than five (5) years before the student’s first registration for the qualification concerned, will not be considered and may follow the RPL process. Individual cases will, however, be considered on merit, if there is at least a 70% overlap in cognitive levels and content between the syllabi of the module/subject passed.

- 6.3.10 A student who has passed modules/subjects at a recognised higher education institution other than the Tshwane University of Technology, may obtain exemption for a maximum of 50% of the credits of the modules/subjects, including 50% of the credits of the exit-level modules/subjects that are required for the qualification for which he or she wishes to enroll, provided that those modules/subjects meet the requirements contained in the regulations for CAT. These exemptions are only applicable for complete qualifications.
- 6.3.11 A student who has passed modules/subjects at the Tshwane University of Technology may, in the case of an unfinished qualification obtain recognition once only for all the applicable modules/subjects. The student shall forfeit such subjects/modules as credits for the original qualification.
- 6.3.12 A maximum of 50% of the credits of a completed qualification may be transferred to another qualification, provided also that no more than 50% of the credits required for the other qualification are credits that have been used for a completed qualification.
- 6.3.13 Applications for CAT must be accompanied by an official academic record and certificate of conduct, as well as the syllabi of the higher education institution where the credits were obtained.
- 6.3.14 The prescribed, non-refundable exemption administration fee must be paid prior to the submission of an application for exemption.
- 6.3.15 Recognition of modules/subjects is free of charge. An exemption fee is payable per module/subject for all approved module/subject exemptions.
- 6.3.16 CAT shall only be considered in respect of successes obtained at the South African public higher education institutions, private providers and TVET Colleges registered with the Department of Higher Education and Training (DHET). The recognised qualifications and institutions are listed in the register for private higher education institutions, available on www.dhet.gov.za.
- 6.3.17 Credits obtained at a foreign or international institution will only be considered if the student passed corresponding modules/subjects at an institution that is accredited and listed in the International Handbook of Universities and/or Commonwealth Universities Yearbook.
- 6.3.18 The qualification and institution must have been accredited at the time that the module/subject offered for CAT, was obtained.
- 6.3.19 Learning based on experience and learning acquired in non-accredited qualifications and/or institutions, as well as on subsidised certificate qualifications, can only be converted to credits by means of RPL and are not dealt with in this policy.
- 6.3.20 Standard recognition of modules/subjects should be included in the phase-out plan of a qualification that will be replaced by a new qualification, which will serve at the Senate Committee for Teaching and Learning (SCTL) for approval.
- 6.3.21 Credits can only be transferred if they form part of the curriculum of the qualification for which the student has been enrolled.
- 6.3.22 Credits obtained from studies that do not lead to a full qualification (for example, non-degree studies comprising modules or courses that are part of a programme which normally leads to qualifications registered on the HEQSF) will be considered for credit accumulation and transfer mechanism towards relevant TUT qualifications.
- 6.3.23 Short learning programmes offered outside the HEQSF are non-credit bearing and, thus, individuals who register for and attend such short learning programmes are not awarded credits against any level on the National Qualification Framework (NQF). This means no credit will be accumulated and/or transferred from such short courses. However, the learning acquired counts for RPL.
- 6.3.24 Credits cannot be transferred to more than one qualification within the Tshwane University of Technology. Credits may not be duplicated.

- 6.3.25 Credits will not be considered for phased-out qualifications, i.e. that can no longer be issued, and that have not been replaced by any new qualifications.
- 6.3.26 CAT cannot be obtained for a mini-dissertation, dissertation or thesis.
- 6.3.27 **Work-Integrated Learning**
- 6.3.27.1 CAT, on the grounds of completed WIL, may be granted for a maximum of one (1) WIL registration period. If a qualification consists of only one (1) WIL registration period, no CAT will be considered.
- 6.3.27.2 Exemption from WIL shall be considered only if such learning had been completed in the service of an accredited employer, as approved by the relevant academic department.
- 6.3.27.3 A student who did WIL at an employer while he or she was a registered student at another public institution for higher education, may obtain CAT for the WIL, subject to the provisions of the CAT rules, and subject to the permission of the head of the academic department.
- 6.3.28 CAT that was approved and issued erroneously by TUT shall not be valid and shall be withdrawn. Any documents issued to the student shall be returned to the University on request.

CHAPTER 7

DISCONTINUATION OF STUDIES

- 7.1 (a) Applications for the discontinuation or cancellation of studies must be submitted to Academic Administration on the required form, giving reasons for the discontinuation or cancellation. In a case where the application for the discontinuation of studies is submitted in person, the official cancellation date will be the date on which TUT receives the application, and in a case where the application is sent by mail, it will be the date on which Academic Administration receives the application.

CHAPTER 9

ISSUING OF CERTIFICATES, DIPLOMAS AND DEGREES

- 9.1 A certificate, diploma or degree will be issued to a student who meets the requirements for obtaining such a qualification. A qualification means a formal recognition and certification of learning achievements awarded by an accredited provider. It also signifies and formally certifies the demonstrated achievement by a student of a planned and purposeful combination of learning outcomes at a specified level of performance.
- 9.2 Certificates, diplomas and degrees will only be conferred on the dates of the University's official graduation ceremonies. Candidates who cannot attend these graduation ceremonies may collect their certificates with proof of identification, and if all the fees are paid after the date of the ceremony.
- 9.3 Original qualification certificates **will not** be reissued to students in cases where the original documents have been lost, damaged or destroyed. Only a duplicate qualification statement will be issued.
- 9.4 Qualifications are conferred *cum laude* in the following cases:
- To obtain a qualification *cum laude*, the average mark for all modules/subjects, including exit-level modules/subjects, or the final mark for dissertation or mini-dissertation, must add up to 75%.
- (i) If a student passes all the set modules/subjects in the first examination. A student may not fail an examination in any modules/subjects at any level in the programme of his or her studies in respect of a qualification. An aegrotat or special examination is also seen as a first examination if it is the student's first attempt to pass the modules/subjects.
 - (ii) If a student passes a qualification with the option of modules/subjects with an average of at least 75% for all required modules/subjects, as well as an average of at least 75% for the required modules/subjects at exit level.
 - (iii) If, in respect of a qualification with the option of a dissertation, such as a magister technologiae, master's degree or a master's degree (Professional) a student obtains a final mark of at least 75% for the dissertation.
 - (iv) If, in respect of an option with modules/subjects and a mini-dissertation, such as a magister technologiae, master's degree or a master's degree (Professional) a student obtains an average mark of at least 75% for all the required modules/subjects, as well as a final mark of at least 75% for the mini-dissertation.
- 9.5 A doctor technologiae, doctoral degree or a doctoral degree (Professional) is not awarded with distinction. A student's results are published as "pass" or "fail".
- 9.6 A certificate, diploma, degree, examination result or academic report issued erroneously by the University is not valid and must be returned to the University.
- 9.7 Any person who forges a certificate, diploma, degree or statement issued by the University, or submits any forged documents to the University, is guilty of misconduct.
- 9.8 Only the Registrar may issue a letter confirming that a student meets all the requirements of a certificate, diploma or degree.
- 9.9 A candidate will be entitled to all the privileges associated with the qualification only after it has been officially awarded at a graduation ceremony of the University.
- 9.10 A qualification certificate will be issued only in the name(s) and surname of the student as indicated on the admission documentation pertaining to the qualification awarded.

- 9.11** A candidate who has complied with the academic requirements for the issuing of a qualification and has outstanding fees will be invited to the graduation ceremony, but -
- the certificate will be withheld;
 - the academic record will be blocked by the Certification Management Office; and
 - no qualification verification will be done for external stakeholders.

9.12 CLOSING DATES FOR GRADUATION CEREMONIES:

9.12.1 Closing date for Autumn graduation ceremonies: 28 February.

9.12.2 Closing date for Spring graduation ceremonies: 31 August.

- 9.13** A candidate who has complied with the academic requirements for the issuing of a qualification before the teach-out (phase-out) date but failed to graduate due to outstanding admission documents or any unforeseen circumstances shall submit an application for the issuing of such a qualification to the Certification Management Office. The application shall be forwarded to the relevant faculty for consideration and referred to Senate for approval.

A phased-out qualification can still be issued on condition that the programme is still accredited and actively registered on the NQF by SAQA. It remains the responsibility of the student to familiarise him- or herself with the phased out-dates of the qualification as well as NQF registration as supplied by TUT.

A candidate who failed to comply with the academic requirements for the issuing of a qualification before the teach-out (phase-out) date due to poor academic performance or interruption of studies will forfeit the right to complete his or her studies in terms of the rules of the teach-out (phase-out) qualification. The student will be transferred over to the reviewed programme on condition he or she complies with all the admission requirements of the reviewed programme. The student also has to apply for exemption of the applicable modules/subjects' credits.

CHAPTER 10

If a student suspects that he or she has a contagious or an infectious disease that may be transmitted to other people, and should he or she participate in any TUT activities, for example (without any limitations), accommodation in TUT residences, sitting for examinations or tests, or participation in TUT projects, sport or recreational activities, he or she must obtain medical advice and/or undergo the required treatment without delay.

Should such medical advice entail that the student has to withdraw from any or all TUT activities, he or she must act accordingly.

Should such a student fail to withdraw from the activity or activities in question, he or she must exempt TUT from any liability of any kind whatsoever, whether directly or indirectly, for the consequences of his or her failing to do so.

Should a student have suffered from a contagious or an infectious disease, or have been in contact with any person suffering from such disease, the student must submit a medical certificate to the Registrar, containing confirmation that the student may return to TUT without there being any danger of him or her infecting other students.

CHAPTER 12

ATTENDANCE OF LECTURES

12.1 RULES

12.1.1 All TUT students are expected to attend lectures (classes), complete the assigned reading and writing assignments, complete assigned projects and practicals, and write all required tests.

12.1.2 Regular class attendance is the responsibility of each student, and all TUT students shall attend classes for all their registered modules/subjects. Any student who fails to attend at least 80% of scheduled classes may be refused examination admission for the module/subject concerned.

- 12.1.3 A student, who (for whatever reasons) cannot attend at least 80% of scheduled classes, may apply to the head of the academic department or the section head for exemption from the class attendance requirements.
- 12.1.4 Individual faculties or departments may impose stricter or more lenient class attendance requirements (or waive the requirements) for a particular module/subject. Should a faculty or department choose to impose class attendance requirements that differ from the 80% class attendance requirements, the particulars of such requirements must be stated in the subject/module syllabus and study guide and be announced in class, particularly at the beginning of an academic term. Stricter or more lenient requirements than the 80% class attendance requirements (or the waiving of the requirements) must be approved by the Senate before implementation.
- 12.1.5 Class attendance records will be based on a sign-in class attendance register that will be circulated during each class. However, a lecturer may adopt a different procedure for monitoring class attendance. It is the responsibility of each student to ensure that he or she signs the class attendance register prior to the end of each class. Students who fail to sign the class attendance register will be considered absent.
- 12.1.6 While the lecturers should endeavour to make the class attendance requirements known to students as far as possible, it remains the responsibility of each student to be aware of and comply with the class attendance requirements for each and every module/subject he or she is registered for.
- 12.1.7 If there is proof of non-compliance with the class attendance requirements, the Tshwane University of Technology reserves the right to refuse such a student examination admission. If a student failed to get examination admission as a result of non-compliance with the class attendance requirements, such student shall still be liable for full class fees.
- 12.1.8 Absence, with or without an excuse, does not relieve a student of any module/subject requirements.
- 12.1.9 Absence with an excuse is limited to absence related to medical conditions, family emergencies such as funerals, and official University activities.
- 12.1.10 Excused absence related to medical conditions and family emergencies such as funerals must be supported by appropriate supporting documentation, to be presented to the lecturer prior to the student's absence or within two (2) days after the student's return to class.
- 12.1.11 In the case of official University activities, the apology must be submitted with supporting documentation prior to the event.
- 12.1.12 In the event of illness or injuries resulting in absence of more than two consecutive days, a medical certificate may be required. However, TUT reserves the right to demand a medical certificate at any time.
- 12.1.13 It is the student's responsibility in all instances to request permission for absence from class and to discuss with the lecturer concerned how the absence will affect his or her ability to meet the module/subject requirements. While the lecturers should, as far as possible, endeavour to accommodate, within reasonable limits, absence with an acceptable excuse, consistent with module/subject requirements, students should realise that not every module/subject can accommodate absences and that being absent will not absolve them from meeting module/subject requirements.
- 12.1.14 If a student violates the class attendance requirements, he or she will receive a written notice from the Head of the Academic Department or the section head, informing him or her of such violation and of the penalty. A student who is of the opinion that the penalty received following violation of class attendance requirements is not appropriate may appeal in writing to the Head of the Academic Department or the section head, and finally to the Executive Dean of the Faculty.
- 12.1.15 Students who register after classes have commenced may not claim any concession regarding lectures presented, tests written, or projects and practicals conducted before they registered.

CHAPTER 13

PRESCRIBED BOOKS

- 13.1 At the beginning of each academic semester or year, the lecturers concerned will provide all registered students with a list of set (prescribed) books.
- 13.2 All students are expected to obtain the relevant set books.
- 13.3 Study material is sent to all distance education students upon registration.

CHAPTER 14

PRESCRIBED WORK AND CLASS TESTS

- 14.1 Students must do all set (prescribed) work and write all class tests.
- 14.2 Students who register after classes have commenced may not claim any concession regarding lectures presented, tests written, etc. before they had registered.
- 14.3 A student must attend and participate in classes according to his or her registration, for example, according to campus, qualification, module/subject, block, semester.
- 14.4
- (a) Students must regularly attend all lectures, group lectures, seminars, practical sessions and excursions that form part of their set study programme. The requirements of the Department of Higher Education and Training (DHET) in this regard must be complied with.
 - (b) Individual faculties may include percentages in terms of attendance of lectures, if required. Individual faculties may set their own requirements for the attendance of lectures.
 - (c) If there is proof of non-compliance with **rule 14.4(a)**, TUT reserves the right to cancel a student's registration.
- 14.5 In the event of illness or injury resulting in absence of more than two (2) consecutive days, a medical certificate must be submitted. However, TUT reserves the right to demand a medical certificate at any time.
- 14.6 Registered distance education students must submit an assignment per examination block, as required by the Department of Higher Education and Training (DHET).

All clients must receive pre- and post-test counselling by a trained counsellor. Free, confidential and voluntary testing will be provided.

24.5.4.2 **Consent**

All students must be permitted to make informed decisions about the test. Informed consent implies access to relevant and accurate information about the procedure, the consequences of testing and what the result could mean for the client, and, finally, the client’s agreement to undergo the test.

All students have a legal right to confidentiality. No one is obliged to reveal, for any reason, his or her HIV status. HIV test results are treated confidentially by the counsellor. Should a staff member, student or peer educator disclose the HIV status of another person, disciplinary measures may be taken against him or her. Should disclosure be warranted, this may only be done with the express, informed and written consent of the individual concerned.

- 24.5.4.4 **Disclosure**
No student is obliged to disclose his or her HIV status, but students should take all reasonable and necessary precautions to prevent infecting others with whom they may interact. The University will encourage disclosure to appropriately and professionally trained people, so as to access support, care and management, if needed. - 24.5.4.9 **Gender issues**

DIRECTORATE OF FINANCIAL AID

25.1 GENERAL INFORMATION

To be considered for funding in any academic year, the applicant must ensure to follow due processes and comply with the terms and conditions stipulated and applicable to each funding category. Failing to do so will result in the application not being considered. **As a general rule, no late or incomplete applications will be accepted.**

Please consult the Financial Aid website at www.tut.ac.za/students/financial for updated and relevant information with regard to funding opportunities and application requirements.

25.2 AVAILABLE FUNDING

This refers to bursaries that are allocated to students from sources outside of the University. These include undergraduate and postgraduate bursaries from public, private, corporate/industry, government, parastatals and international sources. Please consult our website for more information on possible funding opportunities.

25.2.2 Internal University funding

Internal awards are allocated to any bona fide student from first-time entering students to postgraduate students who enrol at the University. It is the University's intention to attract and retain quality students by rewarding excellent academic and non-academic performance.

It also serves the purpose of general support to students on merit as outlined by the specific policy that governs the funding category. For further details on the application and allocation criteria of these bursaries, please refer to the financial aid website mentioned above.

25.2.3 National Student Financial Aid Scheme (NSFAS)

The National Student Financial Aid Scheme (NSFAS) provides financial aid opportunities from various sources to academically deserving and financially needy students who wish to study at tertiary education institutions. The following provides general information on NSFAS. However, please consult the NSFAS website at www.nsfas.org.za, as well as the University website for more information.

25.2.3.1 Students need to apply online and create or register an account. He or she must ensure to retain the application reference number for future enquiries. In order to receive a reference number, the system must "save" the application. The reference number should be kept safe as it is the only proof that a student has applied for NSFAS funding.

25.2.3.2 The NSFAS website (www.nsfas.org.za) contains future updates in this regard. Students must ensure not to miss the deadline or to wait until the last day.

25.2.3.3 Who should apply?

- Students who are South African citizens.
- Students whose combined family income is less than R350 000 per annum, and in cases of students living with a disability, the combined income is less than R600000 per annum.

- Students who have never received NSFAS funding.

- If a student applied for, and received funding in any particular year, he or she need to re-apply each year, ensure to visit NSFAS website for clear instructions. Continued funding for the subsequent years is based on a student's academic performance in the year that funding was received.
 - However, if a student does not register in the subsequent year of funding and has taken a "gap year", a student will be required to re-apply.
- 25.2.3.4 All students funded from the 2016 academic year onwards must register on the NSFAS website to verify their details.
- 25.2.3.5 Continued funding will depend on the student's annual academic performance determined by the NSFAS Eligibility Criteria.
- 25.2.3.6 Additional assistance can be provided to current and prospective students who would like to apply online, but do not have access. Please contact the local Financial Aid Office for more information (see **25.2.3.14**).

- 25.2.3.8 Access to any of the University campuses will only be granted on presentation of proof that the student applied for admission at TUT. This is also dependent on the Disaster Management Act, 2005 (Act No. 53 of 2005), as amended for the Covid-19 pandemic protocols.
- 25.2.3.9 Parents or guardians who accompany prospective students will also be required to present a valid ID to gain access.
- 25.2.3.10 All applicants must have a cell phone and valid e-mail address at hand in order to receive the "one-time pin (OTP)". This will be needed to complete the application process.
- 25.2.3.11 Applicants should visit the NSFAS website www.nsfas.org.za and follow the online instructions to submit information and to apply directly. Applicants should use their own cellphone number and e-mail address (and not that of their parents) as NSFAS will use this information for communication. Applicants should keep the reference number for enquiries, and update their details continuously on NSFAS website as well as TUT biographical information.
- 25.2.3.12 Please contact the local Financial Aid Office or NSFAS directly (if more information is required) at 0860 067 327, or visit the website: www.nsfas.org.za, or e-mail to info@nsfas.org.za. for enquiries.
- 25.2.3.13 The University will not make any funding decision as this will be done by NSFAS.

Final confirmation of the outcome of applications will be provided by the University based on this decision by NSFAS. It is therefore imperative that applicants follow the application processes and provide the required documentation before the closing dates. Applicants are further encouraged to track their NSFAS applications at www.nsfas.org.za.

CHAPTER 28

THE OFFICE OF THE STUDENT OMBUDSMAN FOR ACADEMIC COMPLAINTS

28.1 THE PURPOSE OF THE OFFICE OF THE STUDENT OMBUDSMAN

The Office of the Student Ombudsman provides registered TUT students with a service for addressing any academic complaints they might have. The main purpose of this service is to offer advocacy, counselling and support to students with regard to all teaching-, learning- and assessment- and supervision related problems the students experience.

The role of the Student Ombudsman is one of a 'last resort'. That is, the Ombudsman will intervene in a complaint only when all responsible academic line management and other avenues for resolving the matter have been exhausted.

28.2 DEFINITIONS

In this chapter unless otherwise indicated –

28.2.1 **“academic complaint”** refers to any complaint that students may have with regard to teaching, learning, research, academic support and postgraduate supervision;

28.2.2 **“academic line management”** refers to the area of the University or member (s) of staff responsible for delivering service or conducting the process about which the complaint is made. These include lecturers, programme coordinators, heads of departments, executive deans, DVC: Teaching, Learning and Technology (DVC: TLT) and DVC: Postgraduate Studies, Research and Innovation (DVC: PRI);

28.2.3 **“complainant”** refers to a person making a complaint;

- Complaints about enrolment and registration processes. Such complaints should be directed to Academic Administration.

28.4 PROCEDURES FOR LODGING A COMPLAINT AND REPORTING MECHANISMS

28.4.1 A student with a complaint shall personally contact the office of the Student Ombudsman at the Directorate of Quality Promotion or may be accompanied by a class representative or a member of the Student Representative Council (SRC).

28.4.2 The complainant shall ensure that he or she has tried to resolve the matter with all other stakeholders such as the lecturer concerned, head of academic department, Executive Dean of the Faculty or whoever in the environment the complaint emanates from.

28.4.3 The office of the Student Ombudsman shall only investigate the complaint when the complainant has provided evidence that all relevant academic departments and faculty complaints management processes have been exhausted and the complaint was not resolved satisfactorily.

28.4.4 The Ombudsman shall then assess the merit of the case whether it warrants to be investigated or be referred elsewhere.

28.4.5 The complaint shall be dismissed if the Student Ombudsman is of the opinion that:

- The complaint is vexatious.
- The complaint is a fake and riddled with all sorts of lies.
- The incidence occurred at too remote a time to warrant inquiry.
- There exists an alternative and satisfactory means of addressing the complaint within the University. In such a case, the Student Ombudsman may give advice to a complainant as to other internal avenues for addressing the matter concerned.
- If the complainant is subject to a disciplinary hearing or appeal processes within the University, the Student Ombudsman shall proceed no further inquiring into the complaint until the hearing or appeal has been finalised.

28.4.7 The student lodging a complaint shall be required to:

- put in writing the nature of the complaint and all other internal processes that he or she has exhausted before approaching the Office of the Student Ombudsman; and
- fill in a complaint form; indicating, amongst others, the following information:

 - a narrative of the "actual" nature of the complaint;
 - how he or she would like the problem to be solved; and

- any supporting documentation that shall serve as evidence, e.g. test scripts, study guides, assignments and projects.

28.4.8 If a student requests to be anonymous due to a possibility of victimisation and/or other negative consequences for the student, the Student Ombudsman may commence with an inquiry without the matter being handled at local level first.

28.4.9 Upon completion of a complaint form, the Student Ombudsman shall start investigating the case.

28.4.10 Upon completion of the investigation, the complainant shall be provided with feedback.

28.4.11 The complainant shall timeously inform the Student Ombudsman whether the verdict of the Ombudsman is implemented or not, so that the Ombudsman can be in a position to monitor and evaluate the implementation of the recommendations and verdict.
